

STICK IT!

WHAT IS IT?

Stick It! Is a new Nail Art Tool from Lecenté to help you get your Nail Foil to stick effortlessly. Create beautiful nail art foil designs with no worries using our fantastic new foil adhesive.

.....

WHY DO YOU NEED IT?

- To create full coverage foil designs with Gel Polish
 - To create a French Manicure with Foil detail
 - To create full coverage or foil detail designs with normal nail polish.
 - To create glitter nail art designs with normal nail polish
 - To create a barrier around the nail when stamping
 - Can be used on non tacky Gel Polish
-

STEP-BY-STEP

- Perform a manicure and prepare the natural nail for gel polish application, following manufacturer's recommendations.
- Apply Base Coat and 2 layers of gel polish following manufacturers recommendations.
- Apply Top Coat and cure in UV/LED Lamp.
- Thoroughly remove top film with 99% IPA.
- Apply Stick It! to the nail, leaving a tiny margin, using minimal brush strokes being careful not to drag the product.
- Allow Stick It! to dry, Stick It appears blue when applied; you will see the blue tinge fade as it dries.

- Apply Foil, place the Foil on the nail starting at the centre, using a lint free wipe to rub the foil you should see and feel the foil lifting away underneath.
 - Gently pull back the foil replacing any areas which haven't transferred.
 - Finish with top coat, cure and remove top film with 99% IPA.
-

SERVICES PER BOTTLE

Minimum of 25 services or 250 nails.
